

STUDYING IN COSTA RICA

In Costa Rica there are many institutions that offer academic exchanges. Some initiatives are the result of agreements between Costa Rican and German academic institutions, others are independent.

If you have already chosen your exchange program, please revise the information regarding entry requirements, which can be found in the consular section of this website (*Services to foreigners – visas*)

A list of academic exchange programs with Costa Rican universities can be found at:

[Academic exchange opportunities with Costa Rican Universities](#) (*document available only in Spanish*)
